## E-Governance Policy

Technology has immense potential to bring about transparency, accessibility, accountability and positive transformation in overall management of the institution. An educational institution maintains a huge bulk of information relating to students, staff and the overall administration. This data is often required to be processed at frequent intervals through various aspects of operations such as admissions, re-admission to the next year, examinations, maintenance of accounts, etc.

Keeping up with the need of the hour and in compliance with the requirements of the educational authorities, Anand Vishwa Gurukul College of Law has incorporated E-Governance in the aspects of administration as stated under. While adopting e-governance as a mode of operation, utmost reliance and care is placed on the confidentiality and security of these methods.:
